School Trips

Whether its an education trip to the zoo, or a history trip in the tower of London, we can provide coach travel for as little as a class size of 16, to a complete school.

We provide a service second to none, we have good communication in our office headquarters, to make sure the day is a complete and safe experience for all the young adults. We can work around your arrangements, just contact a member of the team for more details

It is our policy when it comes to school trips, that all coaches are fitted with seat belts. We are very strict on safety, so it is our rule that seatbelts must be worn at all times.

Some of our trips include, Chessington world of adventurers, Thorpe park, Alton towers, Centre of London, Field trips, Wales, Scotland, museums, art galleries such as Tate modern etc.
